FMA Air Freshener Fragrance Ingredient Survey Results* March 20, 2009

* This list contains fragrance ingredients used in air fresheners sold in the U.S. by seven major manufacturers as of December 19, 2007 and grouped by volume as used on an annualized basis. The list was compiled by the Fragrance Materials Association of the U.S. (FMA) and submitted to the U.S. Environmental Protection Agency (EPA) and the Sierra Club in response to a Freedom of Information Act (FOIA) request. The nomenclature used is as found in the Toxic Substances Control Act (TSCA) Inventory. The list is also posted on the FMA website (www.fmafragrance.org). All fragrance ingredients must be used in accordance with the International Fragrance Association Code of Practice and Standards. This is not an exhaustive list of fragrance ingredients used in all air fresheners.
